With the funds herein appropriated, it is the intention of the Legislature that it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2012 do not exceed Fiscal Year 2011 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2011 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2011 appropriations for "Personal Services" when annualized, with the exception of escalated funds. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2011 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Unless otherwise authorized in this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation, reclassification, realignment, educational benchmark, career ladder, equity salary adjustment, or any other means to increase salaries of employees or positions unless specifically exempted by the following conditions: the award of teacher salary increments; the advancement of a trainee/cadet to the next level of a bona fide career ladder; the

award of an educational benchmark for the attainment of a Certified Public Accountant License or higher level professional certification based on information provided to the State Personnel Board by the Legislative Budget Office; the immediate replacement of a departing employee with an employee from within state service at a salary level of the departing employee or the Fiscal Year 2011 promotional formula, whichever is less; the emergency appointment of nurses, pharmacists or other health care and child protection professionals at a salary to be determined by the State Personnel Board; or a new hire associated with the American Recovery and Reinvestment Act of 2009. All positions supported by funds available through the American Recovery and Reinvestment Act of 2009 shall be designated as time-limited positions.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

SECTION 4. It is the intention of the Legislature that the Department of Environmental Quality shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2010. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2012 shall be

submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2011 budget request process.

SECTION 5. In compliance with the "Mississippi Performance Budget and Strategic Planning Act of 1994," it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency. For purposes of this paragraph, "extraordinary effort" means the constant dedication of more than three (3) full-time equivalent positions for a period of at least one hundred eighty (180) days. The economic viability assessment shall include, but not be limited to: (i) an analysis of the current and future market viability of

the project concerning which application(s) has been made to DEQ; and (ii) an analysis of the applicant's economic ability to construct, develop, maintain and operate the project as described in the application(s) submitted to DEQ. If the economic viability assessment concludes that the project is not economically viable for any reason, DEQ shall suspend processing the permit application(s), notwithstanding the provisions of Section 49-17-29(3)(c). Within thirty (30) days of the decision of MDA staff, the permit applicant may present any additional information on its behalf to the Executive Director of MDA, and the Executive Director shall review the MDA staff assessment. If additional information is received in writing from the applicant, the Executive Director of MDA shall make a decision in review of the MDA staff decision within sixty (60) days of the staff decision, and the decision of the Executive Director of MDA shall be the final administrative action of MDA in the matter.

SECTION 12. It is the intention of the Legislature that the Executive Director of the Department of Environmental Quality shall have authority to transfer cash from one special fund treasury fund to another special fund treasury fund under the control of the Department of Environmental Quality. The purpose of this authority is to more efficiently use available cash reserves. It is further the intention of the Legislature that the Executive Director of the Department of Environmental Quality shall submit written justification for the transfer to the Legislative Budget Office and the Department of Finance and Administration on or before the fifteenth of the month prior to the effective date of the transfer.

(d) Itemize and justify professional assistance and related expenses for creative and production costs outside of the actual media expenditures.

(e) Utilize Mississippi-owned media companies when feasible.

SECTION 18. It is the intention of the Legislature that this agency shall have the authority to receive, budget and expend funds from any source that may become available to them as a result of the passage of the American Recovery and Reinvestment Act of 2009 in accordance with the rules and regulations of the Department of Finance and Administration in a manner consistent with the escalation of federal funds.

The Executive Director of the Department of Finance and Administration shall have the authority to approve escalations of funds and employee positions using funds from any source available due to the passage of the American Recovery and Reinvestment Act of 2009.

The Executive Director of the Department of Finance and Administration shall immediately send notice of the approval of such budget escalation to the House of Representatives Appropriations Committee, the Senate Appropriations Committee and the Legislative Budget Office. Within fifteen (15) days of such approval, the Executive Director of the Department of Finance and Administration shall ensure that the Legislative Budget Office receives detailed and accurate information about the amount and use of federal and special source funds by state agencies as a result of the passage of the American Recovery and Reinvestment Act of 2009.
